Day 1

Norway / Tromsø

📍 Town, Secluded, Sports, Island

The actual journey starts from Skjervøy.

Participants can get there from Tromsø airport on a ferry or by land transport around the fjords.

Norway / Skjervoy

📍 Island, Secluded, Village

Skjervoy is best reached by ferry from Tromsø, but you can also fly to Sørkjosen airport and take a cab or bus.

Our boat will be ready for check-in after 19:00, after which you will have a safety briefing on swimming with orcas and a gear check.

Day 2

Diving with whales around different fjords

We have five swimming days to go. Head out to sea at first light. Searching for cetaceans and exploring the fjords. Freediving with orcas.

The weather in Northern Norway is incredibly changeable. It can be difficult to predict tomorrow, so plans can change at any moment. The presence of animals also has a big impact. If the sky is clear in the evening we will go to photograph the northern lights. In case of bad weather we will have to stay in the port and devote the day to exploring the surroundings.

Day 3

Day 8

Norway / Skjervoy

📍 Island, Secluded, Village

We are finishing our program in Skjervoy. Check out from the yacht at 10:00. If your ferry / transfer is later, you can leave your belongings with us and walk around the neighborhood.

Norway / Tromsø
