Day 1

[Chile / Punta Arenas](#)

Mainland port, Town, Secluded

Day 2

[Chile / Punta Arenas](#)

Mainland port, Town, Secluded

Day 3

[Antarctica / King George Island](#)

Island

King George Island is a popular port of call for visitors to Antarctica. Located off the tip of the Antarctic Peninsula, this island is home to research stations and breathtaking natural scenery, including glaciers and towering mountains. Cruise passengers can explore this remote destination on shore excursions, including hikes and wildlife watching.

[Antarctica / Bellingshausen Station](#)

Bellingshausen Station is a Russian research station located on King George Island, in the South Shetland Islands of Antarctica. It is the site of various scientific studies and observations, including meteorology, oceanography, and biology. Visitors can take a tour of the station and learn about the ongoing research being conducted in this extreme environment

Day 4

[Antarctica / Yankee Harbour](#)

Yankee Harbour, a natural harbour located in the south of Greenwich Island, Antarctica, offers a pristine landscape of towering glaciers, ice floes, and abundant wildlife. Visitors can hike to explore the area, kayak through the icy waters, or spot gentoo penguins, humpback whales, and elephant seals basking in the sun.

[Antarctica / Half Moon Island](#)

Island, Secluded

Half Moon Island is a popular stop for Antarctic cruises, located in the South Shetland Islands. It's known for its breathtaking scenery and abundant wildlife, including chinstrap penguins and southern elephant seals. Visitors can explore the island's research stations, hike to panoramic viewpoints, and even take a dip in the frigid waters.

Day 5

[Antarctica / Deception Island](#)

Deception Island is a horseshoe-shaped volcanic island in Antarctica, known for its hot springs and stunning landscapes. It's a popular stop for tourists, with opportunities to explore the island's unique geology, bathe in the hot springs, and observe the abundant wildlife. Don't miss the chance to walk on the black sand beaches and witness the remnants of the island's whaling and scientific past.

Day 6

[Antarctica / Enterprise Island](#)

Enterprise Island in Antarctica is a small but stunning port with pristine waters and towering glaciers. This is a destination for true adventurers, as it requires a challenging trek to reach it. Once there, visitors can kayak around the island, hike to see penguins and seals, and marvel at the majestic natural beauty.

[Antarctica / Melchior Islands](#)

Island

Port Melchior Islands Base is a research station located on the small and isolated Melchior Islands. The port provides a unique opportunity for visitors to explore one of the most untouched and pristine areas of Antarctica, while also learning about the scientific research being conducted there. The station is known for its important research on climate change, wildlife, and geology.

Day 7

[Antarctica / Port Lockroy](#)

Port Lockroy Base is a historic site and the most visited tourist destination in Antarctica. Located on Goudier Island, it was originally a British research station and now serves as a museum and post office. Visitors can learn about the history of Antarctic exploration and send postcards from the southernmost post office in the world.

Day 8

□

[Antarctica / The Lemaire Channel](#)

Secluded

The Lemaire Channel is one of the most picturesque waterways in Antarctica. It is a narrow strait between towering ice cliffs and offers stunning views of the surrounding mountain peaks. This channel is a must-visit spot for cruise members who want to experience the natural beauty of the continent.

Day 9

[Antarctica / Cuverville Island](#)

Cuverville Island is a small and charming island located off the coast of the Antarctic Peninsula. Its main attraction is the large colony of Gentoo penguins that inhabit the island, providing visitors with a unique opportunity to observe these fascinating creatures in their natural habitat. With stunning views of the surrounding glaciers and mountains, Cuverville Island is a must-visit destination for any Antarctic adventure.

Day 10

[Antarctica / King George Island](#)

Island

King George Island is a popular port of call for visitors to Antarctica. Located off the tip of the Antarctic Peninsula, this island is home to research stations and breathtaking natural scenery, including glaciers and towering mountains. Cruise passengers can explore this remote destination on shore excursions, including hikes and wildlife watching.

Day 11

[Antarctica / King George Island](#)

Island

King George Island is a popular port of call for visitors to Antarctica. Located off the tip of the Antarctic Peninsula, this island is home to research stations and breathtaking natural scenery, including glaciers and towering mountains. Cruise passengers can explore this remote destination on shore excursions, including hikes and wildlife watching.

Day 12

□

[Antarctica / The Drake Passage](#)

Drake Strait is an intercontinental strait that connects the southern parts of the Atlantic and Pacific Oceans (in the case of the Southern Ocean, it may fully or partially refer to it).

Day 13

□

[Antarctica / The Drake Passage](#)

Drake Strait is an intercontinental strait that connects the southern parts of the Atlantic and Pacific Oceans (in the case of the Southern Ocean, it may fully or partially refer to it).

Day 14

[Argentina / Ushuaia](#)

City

Ushuaia is a small resort town in Argentina, located in the Tierra del Fuego archipelago. It is the southernmost part of South America, called "The edge of the world".

Day 15

[Argentina / Ushuaia](#)

City

Ushuaia is a small resort town in Argentina, located in the Tierra del Fuego archipelago. It is the southernmost part of South America, called "The edge of the world".
